

# SOUTHERN ACCENT

## Seeking the American South in Contemporary Art

April 30 – October 14, 2017

*Southern Accent: Seeking the American South in Contemporary Art* is the first contemporary art exhibition to question and explore in-depth the complex and contested space of the American South. This unprecedented exhibition investigates the many realities, fantasies, and myths about the South that have long captured the public's imagination. Presenting a wide range of perspectives, from both within and outside of the region, the exhibition creates a composite portrait of southern identity through the work of sixty artists.
